

FREE Software update PSA* 2012 ADS2188 - Code D751944AD

May 2024

Advanced Diagnostics is pleased to announce the release of an update to the ADS2188 software to cover new models including the Jeep Avenger. The software application list now covers more than 80 popular models from Peugeot, Citroën, DS and Opel.

What does the software do?

The ADS2188 software programs Bladed and proximity keys for numerous current models from the Stellantis* Group even in an all keys lost situation. The associated software ADS2229 reads the pincode which is then inputted. Remote and transponder are programmed at the same time.

What else is needed?
